

Jordan Rivers

PRODUCT DESIGN & RESEARCH · JORDAN.RIVERS@EMAIL.COM · 555-123-4567 · SAN FRANCISCO, CA · LINKEDIN.COM/IN/JORDANRIVERS

PROFILE

Human-centered product designer focused on simplifying complex workflows and delivering measurable business outcomes. 8+ years leading cross-functional discovery, prototyping, and launch efforts across SaaS and mobile.

EXPERIENCE

Lead Product Designer · Atlas Systems

San Francisco, CA · 2020–Present - Drove redesign of core analytics suite, cutting time-to-insight by 38% and improving activation +14% MoM. - Partnered with PM/Eng to ship experimentation framework; reduced build-measure-learn cycle from 6 weeks to 2. - Built design ops rituals (critique, tokens, Figma libraries) that halved handoff defects quarter-over-quarter.

Product Designer · Northwind Labs

Remote · 2017–2020 - Led mobile-first overhaul for onboarding, lifting conversion from 22% to 41% through progressive disclosure. - Ran mixed-method research (diary studies, rapid usability tests) to prioritize roadmap and cut churn by 9%. - Created accessibility patterns (color, motion, copy) that brought AA compliance to top 5 surfaces.

EDUCATION

B.S. Human-Computer Interaction · University of Washington

2013–2017 · Dean's List; HCI Lab Research Assistant

SKILLS

- Design: UX flows, interaction design, visual systems, prototyping (Figma), design tokens

- Research: JTBD interviews, moderated usability, surveys, analytics triangulation, A/B test setup
- Delivery: Agile rituals, PRD collaboration, design QA, documentation, stakeholder facilitation

PROJECTS

Workflow Builder (Side Project)

- Designed a drag-and-drop automation builder for SMB teams; shipped MVP in 6 weeks using low-code stack.
- Integrated AI assist prompts that cut rule creation time by 55% in pilot testing.

Component Library Refresh

- Audited and rebuilt component set with tokens; reduced unique styles by 63% and themed for dark/light.

AWARDS & EXTRAS

- UX Awards 2023: Honorable Mention — Atlas analytics redesign
- Speaker: “Designing for Decision Clarity” at ProductCraft SF 2022
- Tools: Figma, FigJam, Principle, Notion, Amplitude, Hotjar
